EXPERIENCE

Experienced computer technician , I recently embraced web development, driven by a passion for creating impactful and unique digital solutions. With a talent for learning and problem-solving, I excel in turning complex challenges into high-quality results. Eager to apply my blend of technical and developmental skills in a dynamic environment.

02/2024 - 03/2024 - Present Full Stack Developer (MERN Stack), Beauty Salon Project, Bremen

Developing a comprehensive digital solution, encompassing appointment booking, service catalog, and customer management features.

02/2018 - 05/2018 -Freelance Web Developer, Brussels

Designed and deployed a client's website, focusing on user-friendly design and responsive interfaces for Commercial Painting Comp.

04/2015 - 06/2021 -Kitchen Chef Lebanese Restaurant Brussels

08/2005 - 07/2012 -Owner & Computer Technician, Personal PC Shop, Syria, Managed all aspects of a PC repair business, from hardware troubleshooting to custom builds and sales.
