EXPERIENCE

Experienced computer technician , I recently embraced web development, driven by a passion for creating impactful and unique digital solutions. With a talent for learning and problem-solving, I excel in turning complex challenges into high-quality results. Eager to apply my blend of technical and developmental skills in a dynamic environment.

02/2024 - 03/2024 **- Present Full Stack Developer (MERN Stack), Beauty Salon Project, Bremen**
Developing a comprehensive digital solution, encompassing appointment booking, service catalog, and customer management features.

02/2018 - 05/2018 **-Freelance Web Developer, Brussels**
Designed and deployed a client's website, focusing on user-friendly design and responsive interfaces for Commercial Painting Comp.

08/2005 - 07/2012 **-Owner & Computer Technician, Personal PC Shop, Syria,**
Managed all aspects of a PC repair business, from hardware troubleshooting to custom builds and sales.
